## GREETING.

**T**HIS BOOKLET comes to you with the greetings of the Young Men's and Young Women's Christian Associations of Maryville College.

It is issued to introduce the work of the two Associations, to acquaint the new student with the ways and methods of association work, and to supply useful information to the students in general.

We heartily welcome you to BARTLETT HALL, our Association home, to the fellowship, and to the Sabbath afternoon meetings.

Your strongest friendships will be those you form in the association.

With warm hearts we welcome you,  
"Come thou and go with us."

OUR SONG,  
"Hail to Maryville"

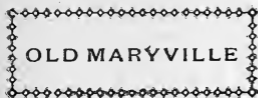

Where Chilhowee's lofty mountains  
Pierce the Southern blue,  
Proudly stands our Alma Mater,  
Noble, grand and true.

CHORUS.

Orange, garnet, float forever,  
Ensign of our hill!  
Hail to thee our Alma Mater,  
Hail to Maryville!

As thy hilltop crowned with cedars,  
Ever green appears,  
So thy memory fresh shall linger  
Thro' life's smiles and tears. CHO.

Lift the chorus, wake the echos,  
Make the welkin ring!  
Hail the queen of all the highlands!  
Loud her praises sing. CHO.

**T**HE COLLEGE WE LOVE was founded in 1819. It was born of the moral and spiritual needs of the earliest settlers of East Tennessee—chiefly Scotch-Irish Presbyterians—and was designed to educate for the ministry men who should be native to the soil. The grand motive of the founder may be stated in his own words: "LET THE DIRECTORS AND MANAGERS OF THIS SACRED INSTITUTION PROPOSE THE GLORY OF GOD AND THE ADVANCEMENT OF THAT KINGDOM PURCHASED BY THE BLOOD OF HIS ONLY BEGOTTEN SON AS THEIR SOLE OBJECT." Inspired by such a motive, Rev. Isaac Anderson, D. D., gathered a class of five in the fall of 1819, and in prayer and faith began the work of his life. In forty-two years the institution put one hundred and fifty men in the ministry. Its endowment, gathered by little through all these years, was only sixteen thousand dollars.

Then came the Civil War, and suspended the work of the institution for five years, and the College came out of the general wreck with little save its good name and precious history.

After the war the Synod of Tennessee, moved by the spirit of self-preservation and by a desire to promote christian education in the Central South, resolved to revive Maryville College. The institution was reopened in 1866. New grounds and new buildings were an imperative necessity. At this juncture Providence raised up Rev. T. J. Lamar to be the second founder of the College; by his assiduous labors sixty-five thousand dollars were secured and Maryville College saved from extinction.

In 1881 generous friends contributed an endowment fund of one hundred thousand dollars. In 1891, Daniel Fayerweather be-

queathed to the College the sum of one hundred thousand dollars. The College was also made one of twenty equal participants in the residuary estate, and has received the greater part of the two hundred and fifty thousand dollars to which it is entitled by the provisions of the will. This magnificent donation has enabled the institution to enlarge its work and to enter upon a new era of usefulness and influence.

About seventy of the post bellum alumni have entered the ministry while twenty-one have gone as foreign missionaries to fields in Japan, Siam, Korea, India, Persia, and Africa. Several are laboring in missions in the west. All the alumni are engaged in honorable pursuits. Students who have gone from the college to law, medical and divinity schools have usually attained a high rank in their classes.

#### LOCATION.

Maryville is a pleasant and

thriving little town of about three thousand inhabitants, beautifully situated in eastern East Tennessee. The town is but seven miles from the Chilhowee mountains whose strong, fresh breezes give it an ideal climate. Many large lime- and free-stone springs give an abundant supply of healthful water. There is no saloon in Blount county. Maryville has seven churches and is the seat of two other large educational institutions.

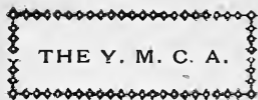

## **BUILDINGS AND CAMPUS.**

The College grounds consist of two hundred and fifty acres, and for beautiful scenery are not surpassed by any in the country. They are elevated and undulating, covered with a beautiful growth of evergreens and with a noble forest, and command a splendid view of the Cumberland mountains on the north, and the Smoky mountains on the south. The location is as remarkable for its healthfulness as it is for its

beauty. The *campus* affords the choicest facilities for the development of athletics. On these grounds there are nine buildings, which were erected at a cost of about one hundred thousand dollars.

## HISTORICAL SKETCH.

The Young Men's Christian Association is a brotherhood of the College who acknowledge Jesus Christ as their Teacher and Savior, and seek to bring others into like relationship with Him.

The Y. M. C. A. of Maryville College was organized March 2, 1877. The idea was first suggested by John A. Silsby to James B. Porter. These went to S. T. Wilson, and decided to push the matter. A meeting of students was called in the chapel March 2, at which twenty were present; they decided to organize at once. James B. Porter was chosen president and S. T. Wilson, our own Dr. Wilson, was the first secretary.

Maryville was one of the first colleges in the United States to have a Y. M. C. A. The advan-

tages of the town associations were familiar to the young men mentioned and suggested to them the establishment of a chapter in the college.

Of the three who first talked over the movement it is remarkable that all became Foreign Missionaries, James B. Porter going to Japan, S. T. Wilson to Mexico, and John A. Silsby to China.

James E. Rogers, now president of Blackburn University was chairman of committee on constitution.

The years following the founding were years of aggressive christian work. Sabbath schools were organized in country school houses—a work that is receiving the attention of the Missionary Committee again—and in many other ways did the Y. M. C. A. make it self felt.

## OUTLOOK.

— All the noble labors of the Association were performed under

the handicap of cramped quarters, limited facilities and resources, yet how abundant were the labors and how blest! Fellow students, new and old, should not the work of the Y. M. C. A. in Maryville College, with its own commodious Association home and glorious opportunities be increased even a hundredfold?

We give a sketch of the Bartlett Hall Movement in another part of this booklet, so you will get a knowledge of our association home, Bartlett Hall; how by student pluck and effort we secured it; and all the advantages it gives you when you become a member of our college Y. M. C. A.

The yearly membership fee with all Association privileges of Gymnasium, Bowling Alleys, etc. and the card certificate which gives the holder all privileges of city associations when traveling is only \$1.00 per year, payment

in advance. Mr. New-Student are you going to be one of that one-hundred new members that are going to enlist with us this Fall?

## BIBLE STUDY.

The importance of systematic Bible Study in an aggressive Christian life need hardly be emphasized. If for no other than an educational reason, all men of the college are urged to join a class in Bible study at the beginning of the year, and to stand by it throughout the course, for a study which is not systematic and regular will be of little avail.

After careful planning, the Association has decided to offer the following courses for the coming year: 1900-'01:

(1) "Studies in the Life of Christ"—Sharman. Messrs Maguire and Hammontree, Leaders.

(2) Studies in the Parables and Miracles.—Mr. E. L. Grau, Leader.

(3) Bible Study for Personal Work.—Mr. P. R. Dickie, Leader.

The Bible Study rally will be held the second Sabbath afternoon of the term in the chapel at 2:00 P. M. The subject of Bible Study will be presented to you more fully and the year's classes organized.

### MISSION STUDY.

Short and practical courses are offered in the study of missions. While we are rightly spending much time in and upon the study of God's *Word*, it is but proper to spend time upon the study of God's *Work*. This work is Missions. The study for the first term is:

"The Evangelization of the World in this Generation."—Mott. Leader, F. L. Webb.

The joint Missionary rally of Y. M. and Y. W. C. A. will be held in the chapel on the Sunday following the Bible Study rally at 2:00 P. M. Let no student miss this meeting.

The college library has perhaps the best Missionary alcove in our Southland, and thus a magnificent collection of the latest and best of Missionary books, pamphlets, and periodicals are placed at the disposal of the students. The Y. M. C. A. is building up a working library, for the Mission and Bible Study departments, of such literature as will be helpful to leaders of meetings, members of study classes and individual students. Missionary and other religious periodicals will be found on our reading-room tables and students are welcomed to their use.

THE BARTLETT  
HALL MOVEMENT

## A STORY OF STUDENT PLUCK

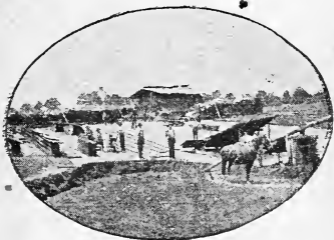

It all originated in the brain of the little Japanese student, Kin Takahashi, '95, and the plans that he formulated were so enthusiastically accepted by the students and have been worked out so successfully that the Bartlett Hall Building Association is known far and wide.

In the spring of '95 the faculty gave Kin permission to hold a mass meeting of the students to consider plans and methods for raising money to secure a Y. M. C. A. and Gymnasium Building. As a result the students organized themselves into an association with Kin as president and to solicit funds. At the organization \$1200 were contributed by the students and faculty. That summer Kin solicited funds from individuals and churches in East

Tennessee. But while he was out engaged in soliciting the boys were out on the Campus.

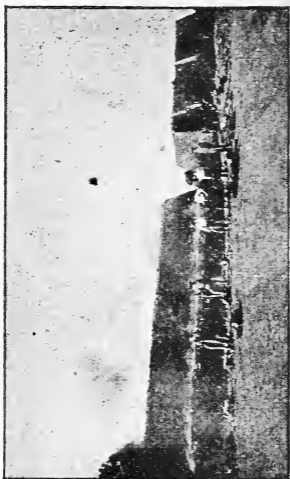

## MAKING 300,000 BRICK

"HOW WE MADE THE BRICK"

### The Brick-Yard.

This summer's work in the brick-yard on the college grounds by the students of Maryville College resulted in substantial aid to the building cause, and became a matter of public interest.

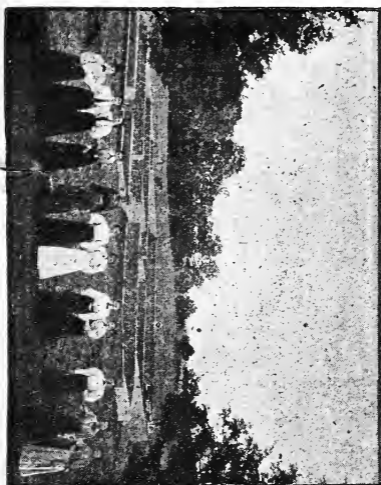

"BURNING THE BRICKS."

### The Kilns.

Having made the good beginning thro self-denying efforts of the students and of friends near by, Kin set out to seek help from other friends. In the fall and winter he solicited funds in the North, and in the summer of '96 the foundation was laid.

THE FOUNDATION.

Lack of funds now stopped the work; but Kin again sought distant help. He carried the story of the earnestness of the students; he showed the picture of a foundation ready for the walls that should shelter the religious societies and foster health and strength of the students. Such liberal subscriptions were received that when he returned in the spring of 1897 he had funds

enough pledged to warrant the erections of the walls, and by the close of the year the building externally was complete.

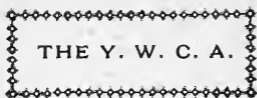

BARTLETT HALL is an ornament to the campus. It is a three story pressed brick structure, eighty-one by eighty-nine on the ground. It has a large auditorium, gym, bowling alleys, reading rooms and parlor, secretary's and committee rooms. The basement which is unfinished will contain the plunge and showers. A part of the second floor is devoted to rooms for athletic men who desire to live close to the Gym.

For many generations this edifice will stand as a monument to the consecrated energies of a Christian student.

"WE HELPED BUILD BARTLET J HALL"  
STUDENT WORKMEN.

The Young Women's Christian Association was organized in 1887 and has proven a blessing to Maryville College girls ever since.

The devotional meetings which are held on Sunday afternoons in the music room at Baldwin Hall, give each one present an opportunity to take part but do not require participation. Leaders are appointed and topics selected by committees. The Association has recently purchased new hymn books for use in the devotional meetings.

Mission and Bible study classes are usually conducted by appointed members and result in good to those who attend them.

Last year Mrs. McCulloch gave once a month in place of the regular service a Bible reading which was very highly appreciated.

During the annual revival held

in the college, the Y. W. C. A. members organize daily prayer services among the girls. These entirely informal services of prayer and praise are especially helpful to young Christians.

The Association was inspired with new zeal by the visit of our traveling secretary, Miss Crosby, last spring. Money was raised to assist in paying the expenses of a delegate to the Asheville Summer School in June.

The dues last year were twenty-five cents per term for active members. This includes the privilege of using the Bartlett Hall Gymnasium four hours each week.

To every Maryville College girl, new and old, the Young Woman's Christian Association extends most hearty welcome. Come to our first meeting on the after-

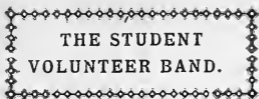

noon of September 9, enroll your name at once, and so identify yourself with the cause of right and gain help, not only for yourself but for others.

## OFFICERS.

Vice Pres., EMMA ALEXANDER.  
Secretary, HELEN POST.  
Treasurer, LENA HASTINGS.

THE STUDENT  
VOLUNTEER BAND.

“It is my purpose, if God permit, to become a Foreign Missionary.”

Leader, Miss Lena Hastings.  
Sec-Treas., Frederic L. Webb.

The Student Volunteer movement for Foreign Missions was organized at Northfield in 1886.

The chapter in our own institution was formed about four years later by Sec'y Luce, and has proven a blessing to the college.

The band has two objects—first to study the various needs of the different heathen countries, and to learn how to meet those needs; second, to interest others and arouse them to a realization of the condition of things as they are today in pagan and Roman Catholic lands.

Two former Band members are now on the field: Mr. Kin Takahashi, '95, in Y. M. C. A. work in Tokyo, Japan; and Rev. Robert C. Jones, '94 and wife at Bangkok, Siam.

The past year has been one of very great interest. Systematic study, reading, conference, and the devotional meetings have bound the band closer and given the members greater zeal.

**THE CLASSES.**

**CLASS OF 1901.**

The Senior Class is composed of three young ladies and nine young gentlemen, gathered from three continents and representing five states and countries. As the place of residence of the various members of the class is scattered so will their future occupations be scattered among all the professions. One expects to engage in literary work, five in the ministry, two are intending to go to the foreign mission field, two will be pedagogues, one an electrical engineer, and one a lawyer.

**CLASS OF 1902.**

Just about an even dozen will be the Junior contingent for the coming year of possibilities. Not a large class to be sure, but not one to be lightly esteemed. Their life work declaration if read would sound as awe inspiring as that of our doughty Seniors, tho they make no cosmopolitan pretensions—simply styling themselves the “Solid South Class.”

**CLASS OF 1903.**

Much is expected of the great

class of '03. In their Freshman days they did many things that won them fame, e. g. the giving of sumptuous banquets that never come off, and defeating the combined Senior-Soph faction at base ball. Therefore, having arrived at the estate of Sophomores they will be heard from again.

The Freshman class will organize early in the term and will be in evidence shortly after. Anyone who attends the first football game will corroborate this statement.

RECEPTION  
COMMITTEE.

When you are picking up your grip off the car floor as the train pulls in to Maryville, you will hear a mighty shout from the vicinity of the depot and pieces of this chorus will be flying round your ears:

How-we-how, Chil-how-ee  
Maryville, Maryville, Tennessee  
Hoo-rah, hoo-rah,  
Maryville, Maryville,  
Rah, rah, rah.

On looking out you'll see a lot of fellows and young ladies with orange and garnet ribbons on their caps. THOSE FOLKS ARE US, the Reception committee. When we say "Howdy" that means we are friends and you're in good hands. We look after your baggage, take you to the Hill and make everything easy for you. That's what we're kept for; so don't be afraid to command us. We're at your service.

HOWDY.

FOR MEN.

## THE ATHENIAN.

**Organized 1868.**

The name Athenian in Maryville College is a synonym for Progress, Push and Painstaking work. The A. L. S. is the oldest student organization in the college. Tho she is very conservative, she is, but in a very good sense, like the Athenians of old, in that she is always considering "some new thing."

Old principles combined with original and up-to-date methods have kept the society vigorous thro all her years.

The society is divided into two sections: The Senior section for college men, meets Friday nights; the Junior section for preparatory students, meets Saturday nights. At the monthly Open Hall the public is invited.

Many a victory has Athene scored on the fields of Oratory, Literature and Debate; and recently Music has engaged her attention.

The A. L. S. Glee Club was one of the features last year, while the A. L. S. Quartette on their concert tour made many friends for the college.

## OFFICERS.

President, W. T. RAMSEY, '00.

Vice Pres., THOMAS MAGUIRE, '01.

Secretary, JOHN E. TRACY, '01.

Treasurer, W. R. JONES, '04,

## THE ALPHA SIGMA.

The literary society is an important factor in Maryville College work and every student of this institution should join one of the societies.

The Alpha Sigma was organized in 1884 and has ever since been doing good work. The so-

ciety is divided into two sections, each with its own officers, the members of the collegiate department and of the senior preparatory class are members of the Senior section and all the other preparatory students are members of the Junior section. The seniors meet on Friday night and the Juniors on Saturday.

Once a month an open meeting, to which the public is invited, is held in which members of both sections take part. In December or January the annual mid-winter exhibition is held.

A medal is given at the end of the year to the member of the society who has been most faithful in his attendance and work in society during the year. Mr. H. C. Rimmer received the medal for 1900.

Alpha Sigma extends a hearty welcome to all new students and asks you to visit her before you

join any literary society and decide on the merits of the two societies which one you will join.

## OFFICERS.

Pres., CLAY CUNNINGHAM, '00,  
 Vice Pres., R. M. CALDWELL, '02,  
 Secretary, W. B. DISNEY, '02,  
 Treas., W. D. HAMMONTREE, '01.

## FOR LADIES.

### THE BAINONIAN.

This society was organized in 1875. Last year, which marked the society's Silver Jubilee, was a year of progress and prosperity. The membership was large and attendance good.

Solid, painstaking work is expected of the members and ample proof that the society meets its required standard is given every Friday evening at its meetings.

Two of the essays read at the Bainonian Mid-Winter Entertainment have occupied the place of leading articles in the college

monthly: "Gerusalemme Liberata" in February number and "Orlando Furioso" in the March issue.

The Bainonian meets Friday evenings at 6:30 in Bainonian Hall. New students warmly welcomed. Come and see!

## OFFICERS.

President, EMMA ALEXANDER, '01,  
 Vice Pres., HELEN POST, '04,  
 Secretary, ELVA BARTON, '02,  
 Cor. Sec., NETTIE WALKER, '04.

## THETA EPSILON.

The Theta Epsilon society was organized in 1894, and since that time energetic work and untiring zeal have made it a success.

The society continues to grow in spite of difficulties, and during the past year it had a larger membership and a greater interest than ever before.

The new Hall has been recent-

ly decorated and refurnished and is now a delightful society home. A Friday evening spent here is both highly pleasant and profitable.

The meetings have the three-fold features of debate, music and literary work. Listening to the discussion of some popular and interesting subject the most timid girl will soon grow brave and enter into the discussion with hearty good will. The girl who does not join one of the societies leaves off the most important part of her education.

Our society means to go forward from the very start of the term. We bid you a cordial welcome to our Hall, and desire you to visit us before joining a society.

### ADELPHIC UNION.

This is a union of the four literary societies for the strengthening of the fellowship between the societies. The union gives an exhibition during Commencement week, and this is considered one of the events of the college year.

Running Broad Jump—19 feet 6½ inches, George A. Malcom.

Running Hop, Step and Jump—52 feet ½ inch, T. W. Belk.

High Kick—8 feet 8½ inches, R. K. Beatty.

## FOOT BALL.

We have always stood well in foot ball. Some of the best teams in the eastern-south have been kicked out by our canvas-backs. The Athletic Association is optimistic concerning our work this Fall. Do you play foot ball? If so, "Get in the game."

## BASE BALL.

The Maryville Base-ball records are enviable. Clean playing and victory winning are two things that the association ex-

pects of every player from first team captain to "second sub on the Freshman scrub." This summer three of our 1900 team are playing with city teams in the South.

## **GOLF.**

This noble sport has been introduced in the college and the College Golf Club has Links on the college grounds to which the student who is any ways cranky about the game will be given full freedom.

## **TENNIS.**

Two fine courts, one at Baldwin for the young ladies and the Co-ed Court in Field day Grove invite you to bring your racquets and play "Forty-loves" to your heart's content.

## **THE GYMNASIUM.**

This has been mentioned in connection with Bartlett Hall so we'll only say that it is a good one and you want to join the Y. M. C. A. and get the good of it.

**PHOTOGRAPHY.**

Is photography a field sport? We say yes. There isn't anything that will do you so much good either as lugging a camera ~~across~~ cross country, 'long streams and over mountains; and you never saw a place where you had as many chances to use one as you will find here. Bring a camera, either BUY, BORROW OR BUM it; but BRING it.

## THE ORCHESTRA.

Nothing contributes so much to the success of a student affair of any kind as good student music. We have it. Several live rival organizations keep everything moving. The orchestra, Mr. C. W. Henry, '01, Leader, will be an undoubted success. Several vacancies are to be filled. Do you play the the flute, bassoon, French horn, or clarinet? Just tell Mr. Henry about it.

## THE BAND.

The McTeer Peerless Concert Band has helped both the college and town on to success many, many times. It is a twenty piece band, ably directed by H. T. Hamilton, '02 and C. W. Henry, '01. These men have made it the popular organization that it is. Vacancies in clarinets and piccolos are to be filled. Can't you bring yours down with you?

**GLEE CLUB.**

Prof. Newman will be pleased to have you assist him in getting out a strong college glee club. Speak to him early about the matter. The Athenian society had also a glee club last year.

**QUARTETTE.**

Each of the four literary societies, the Adelpbic Union, the Christian Associations have their quartettes. These are always popular and in constant demand in town and on the hill.

POINTS OF  
INTEREST.

The new student will find in the immediate surroundings of the college many beautiful and captivating bits of scenery. The Chilhowee and Great Smoky Mountains which are in easy reach are a wonderland, a land of romance. Charles Egbert Craddock found here the scenes and characters for some of her most charming books.

We herewith present some of the most popular places of interest and give a word concerning each.

MONT VALE SPRINGS, a delightful nine miles tramp or drive. Climb two-and-half miles from springs to Look Rock and see some scenery that is scenery.

MONKEY HOUSE, where the boys camp. Be sure to go when chest-

nuts are ripe.

MT. NEBO, near the Little River water gap. Fine scenery. Tramp or drive.

ALLEGHANY SPRINGS, a day's drive and a mountain climb, and every inch of the trip interesting.

WILD WOOD, five miles tramp and "Let's go swimmin'."

SHEEP PEN CAVE, eight miles. Grand scenery and all right boating.

THE COLLEGE WOODS, two hundred acres of virgin forest. Take a walk there every day and discover a new charm with each ramble.

CAMPING PARTIES, to the Chilhowee and Smoky mountains and the Tennessee river are bits of pleasuring often indulged in by the students. Of course you must try it too. Go sometime to The Balds, Monkey House, Maple Spring, Abram's Falls or Thunder Head. John E. Tracy, or Fred Webb will tell you how to go, what to take and the like. Just ask 'em. *On any of these*

*jaunts you can't afford to leave your camera behind.*

While waiting for your train in Knoxville run out and see:

St. John's Church.

City Water Works.

New Bridge.

Market House.

Public Library.

University of Tennessee and drop in at Y. M. C. A. Building.

## **NOTE.**

It is expected that every student will patronize our advertisers. They are reliable firms. It is by their help that we have been enabled to present this Hand-Book to you. Be patriotic in this respect. Examine carefully the list of advertisers, and go to them when you want anything in their line.

# Maryville College,

MARYVILLE, TENN.

REV. S. W. BOARDMAN, D. D. LL. D.  
President.

Will begin its eighty-second year on September 4, 1900. The college with its eight buildings, its endowment of \$250,000, its sixteen professors, and its body of 400 students, is every year increasing its usefulness. There are nine groups of studies leading to the degree of A. B. Expenses are remarkably low. Board in the Co-operative club of 175 is only \$1.25 a week. Tuition, \$12.00 a year. Room-rent, steam heat and electric light bills, only \$14.00 a year.

Maryville is a moral and healthful town. No saloons in the county.

For catalogues etc. apply to
